The DUO ALTERNO, reviewed by The Washington Post as the DUO with **«a big voice»** and **«a fine sense of comedic timing»** and by The Sub-Saharan Informer as **«the wonderful Duo»**, presents an exciting program from three amazing Neapolitan songs of the great opera composer Gaetano Donizetti to the best Italian contemporary pieces on the theme of love. There will be also two poetic pieces for solo piano by Riccardo Piacentini, and suggestive projections of imagines and electronic sounds. Tiziana and Riccardo also will act in a **“total performance” with sounds and gestures** for better understanding and communicating the music. A whole experience of beautiful art, theater and music across one hour and more of authentic emotions.
